

Can you help us grow?

We currently have a vacancy for a Location Manager in our Guildford office.

The successful candidate will be highly visible both within the Senergy organisation and externally. Responsible for driving business growth and providing leadership at this key strategic location, this is a unique opportunity for an experienced technical or project manager to join a company that is one of the fastest growing in its field. Ideally you will have proven managerial experience and a successful track record as a senior technical specialist or project manager probably in the Oil & Gas sector.

Senergy is a diversified energy consultancy.

With over 200 people and offices in Aberdeen, Alford, Banchory, Guildford, London, Abu Dhabi, Kuala Lumpur, Perth (Australia), and Norway we are a UK & International market leader with an established reputation for innovation and delivery.

Creating value and growing the business will be key in this role so a commercial focus is essential.

We value our people and as Location Manager you will play a lead role in recruiting, mentoring and developing staff.

Opportunities to progress and invest in the future.

This senior management appointment brings with it a top quartile salary and benefits package with the opportunity to invest in the future value of the Company.
